**To be the Best, You have to Train with the Best!**

The objective of the college prep camp is to provide the committed soccer player with the opportunity to learn from the Northwestern coaching staff in a competitive training environment.

The five and a half hour session will include instruction, technical training, short sided games, and full field scrimmage emphasizing a faster speed of play and a team-style of soccer.

Included will be a presentation on the workings of the college soccer recruiting process.

**NU Head Coach Tim Lenahan**
